

Quarantine Solitude

Poem to our students.

You have kept working harder throughout the last two weeks of term. You have not tired and yet you have kept reaching out daily.

As your teachers, we take pride in all the work you have done.

Keeping in touch with you online has kept the memories of your smiles and the sound of your laughter with us.

This Covid- 19 will pass and we shall all meet again. The flowers in School will have blossomed, the green grass will have grown and waited long enough for your playtime.

School will be warm again with the doors of the swimming pool, library and all classrooms widely open for you to go through.

The coldness in the school corridors will be gone when lockdown time is over. Covid will be gone, and we shall all be free to hug and share the vans back home.

To the memories of the stay home- stay safe songs, together we shall have kicked Covid-19 out of this beautiful world.

Have a safe holiday.
