

# THE BSK SECONDARY SCHOOL TERM ONE NEWSLETTER

## 2022 - 2023

### GREETINGS

Dear Parents,

We warmly welcome you back from the 2021-2022 summer break. What a joy to have you with us, as we celebrate a decade. Yes, BSK@10. Our family day to celebrate the ten years will be at the national theatre on 5/11/2022, where the students will be presenting a number of great items. Don't miss please.

A special welcome to our new joiners, both the parents and the students. Please feel at home. Do not hesitate to ask for clarity on any issue that you might need more information on.

Be sure that your child will be nurtured under a simple and yet great system with great people. What we tell our parents usually is that their role to our learners is to guide them with patience, watch them with carefulness, listen to them attentively when they come back home and share with us any notes that might be useful to us as their parents this side. Be sure we shall do the same whenever need arises. That way we become partners in bringing up these great young adults.

To you our continuing parents, we thank you for the great testimonies that you share about BSK. Indeed, you are our ambassadors in the different communities. Please keep it up.

### STAFF TRAINING

Our staff is excited and happy to start a new term after a great inset programme. All the teachers successfully completed their term 1 training on 25th August 2022. The biggest part of our training is usually done by Pearson our certification body. It is this and more that give the staff a firm start and good ending point.

This time round, the staff inset programme had three main trainers in the pictures below. Mrs. Sonia Kasagga Karamagi, took us through customer care management and how to handle feedback, Coach Christine Mukasa Mugerwa, took us through how to adapt, intervene and innovate and Ms. Stacey Roberts took us through approaches to modern teaching. They did a great job. Each of the teachers are set for the new academic

### ANNUAL THEME

With the excitement of celebrating BSK@10, we shall base our delivery on lessons from the training, under our school annual theme that is formed from three great words Brilliance, Keenness and Smartness (BSK). This will take us through the academic year successfully.

### CONGRATURATORY MESSAGE:

We are extremely glad to share the good news from our May-June 2022 sitting. We had great results from the A-Level that includes the BTECs, with over 91% pass rate, and over 95% pass rate from the IGCSE Level. Majority of the candidates performed to our and their family expectations. Congratulations once again class 2021-2022. We look forward to seeing the year 12 in class next week and we wish the Year 13 (2021-2022) well in their different colleges and Universities.

### THE BSK SCHOLARSHIP

We are happy that our scholarship programme board has nominated two students for this season. The two students have displayed the five qualities of the BSK Star student award consistently.

This opportunity is open to every student as long as they consistently adhere to the qualities of the programme. We encourage the students to work hard and be the star among the stars.

### SCHOOL FEES

Check your email for the details on school fees. Otherwise for any inquiries or pay plans on the same, please reach out to our residential Finance Director Mr. Renatus Van De Velde at [rvdv2000@yahoo.com](mailto:rvdv2000@yahoo.com) by latest the end of next week Friday 2nd of September.

### THE BSK CLIMATE CHANGE PROGRAMME

Last academic year, the school community engaged in a number of activities. We planted trees, we also hosted different speakers and we were happy to give a tree seedling to each of our students in the graduating class of 2021-2022.

Please join us to appreciate Mrs. Jalia Balikuddembe who gave us over 70 tree seedlings. As our last guest speaker last term, she took the school community through the importance of planting trees and taking care of the environment. We would also want to appreciate the parents who shared great stories about the positive impact these activities have had on their children.

### OUR VALUES

Continue working with us, so that your child can grow in confidence, with a love of learning, and a determination to be the best person they can be.

We urge you to put a great value on school and education. Explain to your child that treating everyone with respect, being on time for school activities, being mindful of others and working hard, are very important to them. Let your child know that telling the truth, taking their meals on time, going to bed on time, saying no to the consumption of drugs like marijuana, saying no to premarital sex, no to gambling and avoiding the teen social hype will get them to the best that the world can offer it's best.

As Parents and Guardians, the value you place on these will be the value your child holds.

We wish you a peaceful term.
